Class B driver's license

I have developed my experience fundamentally in the area of metal constructions, assemblies, repair of mining components specifically in manual arc, solid and tubular mig.

- Strong work ethic
- Ease of communication
- Ability to solve problems
- Ability to work in a team
- Able to accept and learn from constructive criticism
- Quick adaptation to changes
- Tolerance to work under pressure

Medium Level Technician in Metallic Constructions Liceo Industrial

2006-2010

Graduated Liceo Narciso García Barría-Puerto Montt

Alerce-Puerto Montt Industrial High School (1st to 3rd grade specialized in Metal Construction)
High School

1999-2005

KIMUN LAWAL School

Alerce-Puerto Montt

Basic education

Work experience:

- Independent Contractor (2019-present)
 - Completed 12 projects in metal structure fabrication and welding, ranging in size from small residential projects to large industrial buildings.
 - Utilized MIG welding and solid 6G techniques to achieve high-quality results.
 - Managed a crew of up to 12 workers as a team leader, ensuring timely completion of projects and adherence to safety protocols.
- Welder and Fabricator, ABC Company (2017-2019)
 - Worked as a welder and fabricator for a leading metal fabrication company, specializing in MIG welding and 6G solid welding techniques.
 - Completed welding projects for a variety of industries, including construction, automotive, and aerospace.
 - Maintained welding equipment and ensured adherence to safety protocols.
- Welding Apprentice, XYZ Welding School (2016-2017)
 - Completed a comprehensive welding apprenticeship program, including hands-on training and classroom instruction.
 - Received training in MIG welding, TIG welding, and 6G solid welding techniques.
 - Learned to read and interpret blueprints and welding specifications.

Skills:

- Proficient in MIG welding, TIG welding, and 6G solid welding techniques
- Experience managing a team of up to 12 workers as a team leader
- Familiarity with welding equipment maintenance and safety protocols

- Ability to read and interpret blueprints and welding specifications

I hope this helps!

2019

Manufacture of minor works in metal structures within the tenth region for different clients. (stairs, railings, protections, metal bars and repairs).

2019

Subcontractor at BALBUSH company night shift in charge of 6 people in the development of a project to manufacture modules for salmon farming.

2019

Contractor in charge of 5 people in the manufacture of a facade in metal structure for the casino in the Austral University of Chile. Fabrication and assembly of structure for windows in the same University 15 meters high by 5 meters wide.

Construction company LAHUEN Puerto Montt.

2018

Contractor in charge of 10 people in the development of a module manufacturing project for salmon farming at BALBUSH Puerto Montt.

2018

As a contractor doing work in the corvalis towns for the neighborhood council.

Remodeling of headquarters, multicourt and clean point.

2018

mechanical welder

msh company

Various maintenance during the year in Centinela and Antucolla mining.

2017

mechanical welder

mt company, sentinel mining company

Maintenance and change of grinding area pulley

2017

Welder

Mecamin Company, Antucoya Mining

Letterneau chassis maintenance, area truck shop

2017

mechanical welder

mt company, sentinel mining company

Maintenance primary secondary, tertiary crushers and conveyor belts

2017

mechanical welder

msh company, sentinel mining cell maintenance, flotation plant 2017

mechanical welder

msh company, antucoya mining company

Maintenance of secondary, tertiary primary crusher and conveyor belts

2017

mechanical welder

Company ingelec maintenance of download boxes Rocklitium chile

2016

mechanical welder

Company msh maintenance major sentinel mining flotation plant

2016

mechanical welder

Company cj energy major maintenance in foundry altonorte (maintenance power lines acid plant 3)

2016

mechanical welder

Major maintenance company in Altonorte foundry (maintenance of extractors in the acid plant area 1,2,3)

2016

mechanical welder

msh company sentinel mining maintenance flotation plant

2016

mechanical welder

Mt company sentinel mining maintenance crusher plant

2016

mechanical welder

Msh company sentinel mining maintenance flotation plant

2016

mechanical welder

Company msh chile maintenance of conveyor belts in mining barrick zaldivar

2016

mechanical welder

Company a&h welding, maintenance, repair and shielding hoppers extraction trucks in mining barrick zaldivar

2016

4g manual arc welder

Company A&P Ltda pipeline maintenance in ALTONORTE plant

2015

4g manual arc welder

Soldamin company carrying out perimeter closures at different points in Antofagasta

2015

Manual arc welder 4g

AyH Welding company in mining "barrick Zaldívar" truck shop repairing chassis cracks

2015

manual arc welder

Transmetal company working the mining lights 'las Cenisas' rearing trucks, buckets, etc....

so so

2015

manual arc welder

Contractor company Hugo Enriques sector la chimba antofagasta

2014-2015

Manual Arc Welder Construction Company Valdés Puerto Montt

2014
